

ICCC 2024 OVERVIEW

The International Conference on Coordination Chemistry (ICCC) aims to bring together the leading minds in coordination chemistry to address global changes related to health, energy, catalysis, the environment, and fundamental science. Held every two years in cities all over the world, the 45th ICCC will take place in the United States for the first time since 1983. These conferences typically attract between 800 – 1500 scientists from all over the world, including industry, government, and academic research scientists at all career levels.

WHO WILL BE ATTENDING

Academic Researchers, Professors, Graduate and Undergraduate Students, Chemists, Laboratory Analysts, Chemistry and Environmental Professionals, Science Students, Biochemists, Natural Resource Conservationists, Bio- Science Professionals, Ecologists, Microbiologist, Chemical Engineers, QA/QC Managers, Engineers, Health and Safety Officers, Geologists, Environmental Attorneys, Industrial Pharmacists, Marine Biologists, Technical Professionals and Managers.

GENERAL SPONSORSHIP LEVELS & BENEFITS

	Friend \$350+	Patron \$500+	Champion \$1,500+	Copper \$2,500+	Silver \$5,000+	Gold \$10,000+	Platinum \$15,000+
Name and Logo on ICCC 2024 Website							
Listing on Meeting Materials							
Complimentary Event Registration			1	2	3	4	5
Exposition Booth(s)			1 space	1 space	2 spaces	>2 spaces	>2 spaces
Recognition on Prominent Signage at Meeting							
E-mail Advertisement to attendees							
Recognition on Walk-in slides during Symposia							
Verbal recognition at Keynote Event							
30 Second Video on ICCC 2024 Website							
Sponsored Presentation							

Listed below are a few of the many available special opportunities to reach the attendees of ICCC 2024 and promote your brand. Particularly needed are sponsorships for student and early career registrations and travel awards. Custom opportunities are available by reaching out to the ICCC 2024 sponsorship chair at arthur.tinoco@upr.edu.

- Symposia Sponsorship
- Sponsor Student Registrations
- Sponsor General Registrations
- Student/Early Career Travel Awards
- Plenary Talk sponsorship
- Awards - Custom
- Program Ads
- Banners/window clings
- Conference Bag Sponsorship
- Lanyard Sponsorship
- Sponsored Lounge
- Registration insert/packet
- Donations to Silent Auction
- Donations to Mixer/Raffle

ICCC 2024 – EXPO AND EXHIBITOR INFORMATION

The International Conference on Coordination Chemistry (ICCC 2024) will take place in Fort Collins, Colorado at Colorado State University from July 28 – August 3, 2024. Oral and Poster sessions will address a wide range in scientific and chemistry topics. The Exposition (EXPO) will run concurrently with the ICCC 2024 meeting, with visibility in high traffic areas and highlighted hours for additional networking. [The EXPO is an opportunity to promote your brand and connect with hundreds of scientific professionals!](#)

WHAT OUR ATTENDEES ARE LOOKING FOR

- Academic and Educational Services
- Local Business Connections
- Analytical Research
- Graduate Programs
- Chemicals, Reagents, and Raw Materials
- Laboratory Equipment and Services
- Career Development and Training
- R&D and Manufacturing Services
- Technical Literature, Websites, and Databases
- Scientific Computer and Data Management
- Testing and Measurement Instrumentation
- Career Opportunities
- Research/Technician Positions
